USD 409 to Seek Insurance Broker and Auditor

Atchison Public Schools are looking to solicit proposals for audit services and an insurance broker at the next regular school board meeting.

They will do this Monday evening at seven at the Atchison Alternative School on 8th Street.

The insurance broker will be used for commercial property, liability insurance and workers' compensation issues.

The board will also discuss a three year cash flow analysis, as well as hear a KLN needs appraisal report from Robert Mueller.
