### USD 377 Approves Contract with Teachers

The USD 377 school board Monday evening ratified a negotiated agreement with teachers for the 2012-2013 school year.

Superintendent Steve Wiseman explains the agreement.

The board also unanimously approved uniforms and jackets for select classified staff that will be cleaned weekly by Unifirst Corporation.

They also banned any independent contractor to do work for the district if they do not have workman's comp insurance, with a provision that waves the ban at the superintendent's discretion.

They also tabled their election of board officers to their July 23rd extended session due to some members being absent, causing a split vote for the potential new officers.
