New Brown Co Special Ed Director Hired

(KNZA)--A new director has been hired for Brown County Special Education Interlocal #615, and she's a familiar face.

During a special meeting Monday evening, the board of education voted to hire Becky Shamburg for the position.

Shamburg has been a special education teacher with Interlocal #615 for about six years and substitute teacher prior to that.

She also currently serves on the Hiawatha USD 415 Board of Education.

Shamburg was offered contracts for the next two school years.

She will replace retiring director Butch Trabuc.
