

"Drought Proof Your Farm" Workshop

"Drought Proof Your Farm" Workshop

March 27 at the Blue Building in

Horton, 5:30 – 8:00 pm

Featured Speaker: Dale Strickler, farmer, cattleman and educator. Dale will entertain and educate you as he describes what to do and what not to do to make the best of a dry situation.

Crop producers will learn about cover crops and other management techniques that will:

- ? Improve rainfall infiltration & soil water holding capacity
- ? Improve the ability of plants to extract water from the soil
- ? Reduce evaporation and runoff
- ? Increase crop rooting depth

Livestock producers will learn how to manage pastures to improve drought tolerance, use cover crops to grow extra forage and discover feed resources you didn't even know you had!

A free catered meal will be served 5:30 to 6:30 pm

****In order to ensure we have enough
food, please call 785-284-3422 by March
25 to pre-register****
