### JCN District to Hit the Ground Running after Bond Passage

(KAIR) -- The Jefferson County North school district plans to hit the ground running with implementing projects upon voters' passage of a two point five million dollar bond issue on technology upgrades and renovations Tuesday.

Superintendent Denise Jennings says that includes JCN being the latest school district to incorporate iPad technology in the classroom.

Jennings says the goal is to have iPads integrated into schools by this fall.

However, Jennings says the timeframe to begin renovations will be later this year.

(Audio Continues)

Jennings says indoor renovations to the high school are targeted to start following the 2013-14 school year.
