Health Care Changes Focus of Horton Forum

(KNZA)--The Affordable Care Act, commonly referred to as “Obamacare,” will be the focus of a forum in Horton.

On October 8th, Cindy Hermes, representing the Kansas Insurance Department, will help explain health policy provisions, how to enroll in health insurance using the on-line exchange and eligibility for financial assistance.

The session is planned for Tuesday evening, October 8th, at the Horton Senior Citizen's Center beginning at 7:00.

Sponsored by the Horton Public Library and the Horton Chamber of Commerce, the free forum will provide information for the uninsured, self-insured, small business owners, and anyone else concerned about the issue.
