Atchison house fire investigated

(KAIR)--An early Monday evening Atchison house fire remains under investigation.

The Atchison Fire Department responded to the home, located at 410 T Street, around 5:40.

Captain Bill Andre told MSC News the house is vacant and utilities are not active.

He said it's not immediately known what started the small fire, which appears to have occurred, in part, on the ledge of a back window.

Andre said the fire was quickly extinguished, and damage is minimal.

He said crews plan to return to the scene Tuesday to continue the investigation.
