

Jury trial set in local manslaughter case

(KMZA)--A jury trial has been set for a Frankfort man charged in connection with a all-terrain vehicle crash last May that claimed the life of a Frankfort woman.

Weston Adams pleaded not guilty this week in Marshall County District Court to a charge of involuntary manslaughter while driving under the influence of alcohol along with charges of interference with law enforcement and driving without an ignition interlock device.

A jury trial was set for June 17.

The Kansas Highway Patrol reports Martin was driving an ATV north of Vliets early May 6 when he crossed into a ditch along K-87 and the ATV rolled onto its side. A passenger, 22-year-old Arianna Lynn Martin, was ejected and the ATV came to rest on top of her.

She was transported to a local hospital where she was pronounced dead.
