

Financial crimes hold one

(KAIR)--Although the purchases were small, a 34-year-old Atchison man is facing numerous charges in connection with the alleged use of a financial card belonging to someone else.

Atchison Police Chief Mike Wilson told MSC News Russell Sullivan, Jr. was arrested Friday.

That follows a brief investigation that came after an 18-year-old lost her card, and reported that it had been fraudulently used Friday at three Atchison businesses.

Wilson said the card had been used a total of five times with the amount of money spent less than \$200.

Sullivan was arrested Friday when he returned to one of the stores where he had allegedly used the card.

He now faces charges of theft, criminal use of a financial card, and computer crime.

He is also accused of a Walmart theft.

Following his arrest, Sullivan was booked into the Atchison County Jail.

Bond is set at \$1,500.
