

Infrared screenings approved for local school district  
**(KMZA)--Due to the COVID-19 pandemic, thermal imaging systems will be installed at the entrances to Nemaha Central schools to detect the temperature of people entering the buildings.**

**The USD 115 Board of education approved the purchase of the infrared cameras Monday evening at a cost of \$40,000.**

**Superintendent Darrel Kohlman said the cameras are very accurate and faster than taking everyone's temperature one at a time.**

**The Board also approved the addition of UV lighting systems to the HVAC systems at the district's two schools at a cost of nearly \$36,000. Kohlman said the system will kill bacteria and viruses in the air.**

**In other business, the Board approved an insurance coverage proposal from SBS Insurance for the 2020-21 school year with the addition of cyber insurance for a total premium of \$133,283. The premium is about \$2,300 lower than the current premium due to higher deductibles.**
