

Bank statements reconciled for Doniphan Co

(KNZA)--Deputy Doniphan County Treasurer Nicole Diveley informed the County Commission on Monday that she has reconciled the county's bank statements with the treasurer's book from December 2017 to the present.

Diveley said several errors were discovered and corrected.

A CPA firm advised the county earlier this year that since November 2017 the bank accounts had not been reconciled to the treasurer's book balances on record.

Current Treasurer Lindsey Etherton took over the office in October 2017.

Commissioners congratulated and expressed their appreciation to Diveley for performing the task.
