Brownville Concert Series rescheduled

(KLZA)-- The Brownville Concert Series Board of Directors has decided to reschedule the remaining 2020 performances to similar dates in 2021 due to the COVID-19 threat.

The Board feels the intimate, up close and personal appeal of the concert hall does not make it safe to continue the series this season.

Tickets purchased for the events will be good for the rescheduled dates. 2020 season passes will also be extended to include the rescheduled shows in 2021.
