

Humboldt City Council approves insurance packages

(KLZA)-- The Humboldt City Council last week approved renewing insurance for the Humboldt Fire and Humboldt Rural Fire Departments and the City of Humboldt through the League Association of Risk Management for the next year.

During the Tuesday evening meeting the Council also accepted the retirement resignation from City Maintenance Supervisor Les Drake who had worked nearly 26 years for the City of Humboldt.

Also approved was the election of Dan Duryea and Dan Ingwersen to the Humboldt Auditorium Board.

An ordinance to amend the City Code concerning the discharge of fireworks in the city limits was approved on first reading. If given final approval, the fireworks code would mirror the State Statutes on discharging fireworks.

Approval was also given to installing a safety fence to close off the washed out area of the Lake Park going to the Railroad Bridge.

Topics that will continue on the agenda in the future following discussion last week are the possible purchase of security cameras for the City; the use of ATV's, UTV's and Golf Carts within the City limits.
