Auburn City budget approved

(KLZA)-- The Auburn City Budget for the next fiscal year has been approved with total expenditures of more than \$16.7-million.

The City Council approved the budget during their September 14th meeting.

While the total expenditures are higher, the property tax request of \$689,638 is down nearly \$17-thousand. The property tax levy will be 43.533 cents per \$100 of assessed valuation which is a decrease of just over 4-cents per \$100.

The levy decrease is due in part of the city valuation increasing by more than \$9.7-million.
