Brown Co reports additional COVID death

(KNZA)--Brown County is reporting an additional COVID-19 related death.

The Brown County Health Department on Friday reported the county's 18 death since the beginning of the pandemic.

No information was released about the individual.

The Health Department also reported 16 additional positive cases since Wednesday, bringing the total to 877.

On the positive side, the county continues to see a decrease in active cases and hospitalizations.

As of Friday, there were 45 active cases in Brown County, with five currently hospitalized.
