

Senior Village gains new administrator

(KAIR)--A new administrator is hired to oversee the Atchison Senior Village.

That followed a special meeting of the Atchison County Commission Friday afternoon.

Atchison County Director of Human Resources, Jamie Madison, told MSC News the position of leadership at the County's Atchison Senior Village was offered to Haley Tinch.

The job offer was extended to Tinch following an executive session of the County Commission that led to a motion, and a vote of 2-1, to hire the Salina resident.

Tinch will begin her duties December 22nd, with a base salary of \$68,000. Madison said she will have "the ability to earn up to \$12,000 in incentives."

The position became vacant following the October resignation of John Rainbolt. He had filled the role for only around 2-months until his November departure.
