Brown Co bridge project moves forward

(KNZA)--Emergency repairs will be made to a Brown County bridge due to weather-related damage.

During a short special meeting Tuesday, the Brown County Commission accepted the lone bid received from Norfolk Contracting, of Norfolk Nebraska, in the amount of \$48,732 to repair the east pier of a bridge on 220th road about a quarter mile east of Nighthawk Road.

The county will be responsible for the backfill and rip rap, if necessary, as well as furnishing the concrete needed.

The contractor is to begin construction by June 15.
