Record low unemployment in Nebraska

**(KLZA)-- Nebraska unemployment figures for July matched the states all-time low mark at 2.3 percent.**

**Nebraska continues to have the lowest unemployment rate in the country.**

**Locally, the jobless rates for Southeast Nebraska counties continued to decline.**

**Pawnee County has a jobless rate of just 1.6 percent. Richardson, Nemaha and Otoe counties had unemployment rates of 2.1 percent in July, Johnson County was at 2.2 percent and Gage County was at 2 percent.**

**Previously Nebraska had a 2.3 percent jobless rate from April through August in 1990 and from October 1997 until February 1998.**

**There were 100,700 people working manufacturing jobs in Nebraska during the month of July, that is the highest total since October, 2008.**
