

Falls City Council approves hiring additional police officer

**(KLZA)-- The Falls City Council last week approved a request from Police Chief Jamie Baker to hire an additional Police Officer for the City.**

**Baker discussed the reasons he requested the additional officer feeling there is an opportunity to strengthen the department, noting how difficult it has been to hire certified officers.**

**This will bring the Falls City Police Department to 9 officers plus the Chief.**

**Baker is hopeful hiring an additional officer will allow more time for investigative work on cases. Baker said the investigator is doing a good job keeping up, but said it is difficulty to keep up with covering calls and shifts while doing investigative work.**

**The vote request was approved unanimously.**
