

Thoughtful giving planned Sunday in Jackson Co

(KAIR)--As the season of giving arrives, a Jackson County organization this weekend will hold what might be called a celebration of giving.

That comes through the 2nd Annual Thoughtful Giving Match Day event, hosted by the Jackson County Community Foundation.

The event is set for Sunday, from 1 until 5:00 that afternoon, at the Holton Community Theater.

The second event follows the inaugural match day which, according to the foundation, raised more than \$115,000.

Sunday- event will have more than \$50,000 of matching funds available, with the foundation having grown from 17 to 27 participating funds.

All donations made during match day are tax deductible.

On match day, donors select which nonprofit, or nonprofits, they wish to support, with 100 percent of their donation going to the selected organizations fund held with the foundation.

Although gifts of any amount are welcome and encouraged, those between \$20 and \$2,000 per charitable organization will be eligible to receive a match.

More information and online donations can be made at <https://www.thoughtfulgivingday.com/>
