

Council accepts bid for library repair project

(KMZA)--The Seneca City Council, in a short meeting Wednesday evening, accepted a bid for a library repair project.

On the recommendation of City Superintendent Brian Ruske, the Council accepted a bid from Dry Basement Foundation Repair, of Kansas City, Missouri, in the amount of \$4,480 for a project to eliminate water entering the library basement.

The company will install a sub-floor drainage system along the west exterior basement wall.

It was the lowest among two bids received.

Bids were opened at the Council's February 21st meeting, but tabled for review.
